

NK APL 2023 - Cricket Rules

1. Track Pants & Sport shoes compulsory, Shorts/Sleeveless NOT allowed
2. Umpire decision is final, no argument regarding decision
3. 7 over per innings - max 1 bowler can 2 overs.
4. Upper / Side net - NOT OUT on touch or caught after touch, touch & boundary is 4
5. Reporting time - 7.00 AM for Students, 9.00 AM for Parents
6. No rapid allowed, no side arm allowed, no ball will be given if umpire deems ball to be rapid
7. Captains have to be present 15 mins prior for toss for their next match
8. No personal remarks & comments, if umpire notes of the same, player will be disqualified
9. No smoking & drinking allowed within the turf premises.
10. Maximum 4 players behind the stump.
11. Side line touch & front line touch by the bowler will be no-ball.
12. 3rd over of each innings is compulsory powerplay over. Double the runs scored, and -5 for each wicket in the powerplay over.
13. If the number of players in opposing teams is uneven, then:
 - a. The team with lesser number of players will be provided with fielders by the team with more players
 - b. The team with more players will be able to have only as many batsmen as with the team with lesser number of players
14. If there is a mismatch in the number of girl players in the opposing teams, then
 - a. If the team with lesser girl players bats last, they need to score 5% more runs (per girl player less in team) to win
 - b. If the team with more girl players bats last, they need to score 5% lower runs (per girl player more in team) to win

Example: Team A has 4 girl players, and team B has 2 girl players, so the difference is of 2 girl players, which means $2 \times 5\% = 10\%$, so

- a. Team A bats first and scores 63 runs, team B will need to score $64 + (10\% \text{ of } 63) = 70.3 = \text{rounded off to } 70 \text{ runs to win}$
- b. Team B bats first and scores 63 runs, team A will need to score $64 - (10\% \text{ of } 63) = 57.7 = \text{rounded off to } 58 \text{ runs to win}$
